FEDERAL GOVERNMENT

Honorable Earl J. Silbert
United States Attorney
Room 3136-C
United States Court House
3rd and Constitution Avenue, N.W.
Washington, D. C. 20001

Telephone Security
Charles

Dear Mr. Silbert:

Reference is made to your letter dated
5/2/77, requesting that an electronic surveillance
sweep be made of your office space.

On 5/19/77, Special Agents of the Federal
Bureau of Investigation conducted the microphone and
telephone countermeasures sweep as requested. This
service was provided with the understanding that the
material handled within the areas checked impacts on
national security or is of such a sensitive nature as
to warrant these protective measures.

No evidence of eavesdropping or tampering was
detected at the time of the survey.

Sincerely yours,

C. M. Kelley

Clarence M. Kelley
Director

NOTE: The above-mentioned security check was conducted
in accordance with Bulet to the Attorney General dated
9/30/76 which advised in part that in the absence of
specific instructions to the contrary, we would continue
to provide security checks of Federal Government office
space for individuals at the cabinet level in the
Executive branch, as well as any other area in that
branch wherein there is a clear statement showing that
the material handled within that area of concern impacts
on national security or is of such a sensitive nature
as to warrant these protective measures.

TO: DIRECTOR, FBI
(ATTN: RADIO ENGINEERING SECTION,
SA JERRY BREITENFELD)

FROM: SAC, ST. LOUIS

SUBJECT: SECURITY/COUNTER MEASURES
TRAINING
SA [REDACTED]
ST. LOUIS DIVISION

b6
b7C

St. Louis has received several requests from the U. S. Attorney's Office to investigate claims of "surreptitious eavesdropping" in IOC cases. There are private investigators in the St. Louis area who offer "de-bugging services" but their techniques and equipment are questionable.

It is noted that the rapidly expanding electronics technology has placed on the open market numerous devices capable of surreptitious monitoring. The Bureau should be in a position to investigate these matters professionally and with a degree of proficiency and expertise. Accordingly, the Bureau is requested to consider SA [REDACTED] for attendance at captioned school.

SA [REDACTED] (Technical Coordinator) is a competent technically trained sound agent who performs approximately 90% of his duties in technical work. He has been very active in all phases of TESURS, MISURS, and associated technical endeavors. Such training, if afforded to SA [REDACTED] would be an asset to the Bureau's complement of sound agents.

SECURITY SURVEY OF THE ATTORNEY GENERAL'S CARS

Re your letter dated June 29, 1977 requesting a microphone and telephone security survey of the two cars used by the Attorney General.

Special Agents of the FBI on July 13 and 14, 1977 conducted a microphone and telephone security survey of the Attorney General's cars.

No evidence of eavesdropping or tampering was detected at the time of the survey.

JEB:dc*dc
(7)

NOTE: It was explained to [redacted] who requested the telephone security survey, that the telephone in the car was a radio-telephone and that everything said on it was broadcast over the air and could be listened to by anyone with a receiver for that frequency.

b6
b7C

He advised that he realized this after he wrote the request. He stated that he used the occasion to caution those who use radio-telephones that all of the conversations can be monitored.

TECHNICAL SURVEILLANCE EQUIPMENT; LOS ANGELES DIVISION

RE LOS ANGELES TELETYPE JULY 26, 1977, REQUESTING THAT
THE ENGINEERING SECTION ASSIST YOUR OFFICE WITH PROPER INSTRUCTIONS FOR USE WITH THE DEKTOR TELEPHONE ANALYZER.

SPECIAL AGENT [REDACTED] OF THE TECHNICAL SERVICES
DIVISION WILL ARRIVE LOS ANGELES AT 12:45 P.M. VIA UNITED
AIRLINES FLT. 63 ON AUGUST 1, 1977 TO ASSIST YOUR TECHNICAL
PERSONNEL WITH THE DEKTOR TELEPHONE ANALYZER AS REQUESTED.

BT

NOTE: Referenced teletype requested assistance with the
Dektor Telephone analyzer which is maintained at the Engineering
Section. This is the finest analyzer in the field of counter-
measures at the present time, and while complicated, personnel
at LA could learn its use in a short time in order to complete
their sweep of their office space and assist other offices
in their vicinity when the need arises.

~~COUNTERMEASURES SWEEP~~
HONOLULU OFFICE
NEW FEDERAL BUILDING

Security Surveys

Reurlet 4/29/77, requesting a countermeasures sweep of your new space upon completion of the Honolulu Office move.

During 8/1 - 5/77, Bureau Supervisor Jerry H. Breidenfeld and [redacted] provided a countermeasures sweep of your new office space. None of the checks revealed evidence of any tampering with telephones, clandestine transmitters, or other listening devices.

b6
b7C

It was noted during the physical search of the space that certain security problems exist. These problems were discussed with you and your technically trained agents.

Division, Engineering Section,
Supervisor J. H. BREIDENFELD)

FROM : SAC, HONOLULU (66-778)

SUBJECT: COUNTER-MEASURES -
HONOLULU OFFICE
NEW FEDERAL BUILDING
HONOLULU, HAWAII

Security Surveys

The move of the Honolulu Office into the new Federal Building had been scheduled for 6/15/77, and we have been recently advised that there may be an additional delay and that the move will now take place in late June. It is requested that the services of the Counter-measures Team be scheduled following the move. Exact dates of move and full operation of the new office will be coordinated directly by Honolulu with the Unit.

COUNTERMEASURES SWEEP
HONOLULU OFFICE
NEW FEDERAL BUILDING
HONOLULU, HAWAII

Reurlet 4/29/77 requesting the Technical Services Division (TSD) to provide equipment and personnel to afford an electronic countermeasures sweep of your new office space.

The TSD will provide necessary equipment and personnel to conduct the requested sweep and provide Honolulu technically trained Agents instruction in the use of countermeasures equipment. The sweep and instruction will require two men approximately three days to complete.

Honolulu will advise completion date of move by secure communication and the sweep will be coordinated by secure communication.

NOTE: The TSD has in the past assisted field offices in the initial countermeasures sweep of newly acquired office space and at the same time offered training in the use of countermeasures equipment to the technically trained agents in the office. It is anticipated that two personnel from the TSD will be needed to provide sweep and training.

Honorable Malcolm Wallop
United States Senate
Washington, D.C. 20510

1 - Mr. Taylor
1 - Mr. Cochran
1 - Mr. Campbell
1 - Mr. Verven
1 - Mr. Breidenfeld

Dear Senator Wallop:

In accordance with your request, FBI personnel completed a microphone and telephone security survey of your office in Rock Springs, Wyoming, on August 11, 1977. The survey was conducted with the understanding that activities within the area checked involve matters directly affecting national security or are of a highly sensitive nature.

No evidence of eavesdropping or tampering was detected during the survey.

Sincerely yours,

C. M. Kelley

Clarence M. Kelley
Director

~~SECURITY COUNTERMEASURES TRAINING~~
~~SPECIAL AGENT MICHAEL STEWART~~
~~BOSTON DIVISION~~

Security Surveys

Re Boston letter dated 5/13/76 requesting counter-measures training for captioned agent.

SA Michael Stewart has been scheduled to attend two courses at the Interagency Training Center (ITC) Washington, D.C. area, from 8/15/77 to 9/2/77 and from 9/12/77 to 9/23/77. SA Stewart should report to the ITC prior to 8:00 a.m. 8/15/77. All equipment and material will be furnished by the school.

NOTE: Bureau personnel including technically trained personnel from FBIHQ and several field offices have attended similar training sessions in the past. Attendance at this series of courses has updated our technical personnel with valuable information and techniques in order that they may respond to security problems with complete confidence of having been provided adequate training. This training more than justifies the cost of travel and per diem. These courses are offered at no cost to the student and the cost of SA Stewart's attendance will consist of travel, per diem, and loss of his services for this period of time. The total cost is estimated to be \$2300. Attendance at this school has been coordinated with the Finance and Personnel Division and the Administrative Services Division.

SECURITY COUNTERMEASURES TRAINING

SA [redacted]
ST. LOUIS DIVISION

Security Surveys

Reurlet 4/25/77, requesting countermeasures training for captioned agent.

SA [redacted] has been scheduled to attend two courses at the Interagency Training Center (ITC), Washington, D.C. area, 10/31/77 to 11/18/77 and 11/28/77 to 12/9/77. The week of 11/21-25/77 SA [redacted] will be offered additional countermeasures training by the Engineering Section of the Technical Services Division. Prior to receiving the training, SA [redacted] must execute Optional Form 170, a request, authorization, agreement and certification of training. The completed form should be forwarded to the Bureau, Room 1B046.

b6
b7C

ST. 114

REC-46

62-97308-815

SA [redacted] should report to the ITC prior to 9:00 a.m., 10/31/77. It is noted that there is no public transportation serving ITC.

7 SEP 27 1977

NOTE: Bureau personnel have attended similar training sessions in the past including SA technical personnel from New York and Dallas. Attendance at this series of courses has updated our technical personnel with valuable information and techniques in order that they may respond to security problems with complete confidence of having been provided adequate training. This training more than justifies the expenditure. The cost of SA [redacted] attendance at both training sessions will consist of travel, per diem, rental of a car to get to and from school at Silesia, Maryland (no public transportation serves this area), and loss of his services for this period of time. The total cost, including travel, per diem and car rental, is estimated to be \$2500. This has been coordinated with Finance and Personnel Division and Administrative Services Division.

PURPOSE:

To advise of the status of a security check request made to the Director by Congressman Bruce F. Caputo on September 13, 1977.

SYNOPSIS:

The Director has advised in a memorandum dated 9/14/77 that a request for a security check has been received from Congressman Bruce F. Caputo and that we should comply with the request at once. Arrangements were made with Congressman Caputo to conduct the check on 9/16/77.

CURRENT BUREAU POLICY:

Security checks are performed by the Technical Services Division for members of the Legislative Branch with the understanding that activities within the area checked involve matters directly affecting national security or are of a highly sensitive nature.

RECOMMENDATION:

That the Bureau provide whatever services are necessary in this matter.

LEGAL COUNSEL
FBI/DOJ

Memorandum Jay Cochran, Jr. to Mr. McDermott
RE: SECURITY CHECK REQUEST
CONGRESSMAN BRUCE F. CAPUTO

DETAILS:

On 9/15/77, the Technical Services Division received a copy of a memorandum from the Director concerning a telephonic request received on 9/13/77 from Congressman Bruce F. Caputo for a security check. Congressman Caputo advised that possibly he is having some intrusion due to his high visibility as a part of the Korean probe. Mr. Caputo advised the Director that he had received two reports of possible burglary at his residence and felt that there could have been an intrusion into his telephone system. The Director indicated that it appeared that the search request would be confined to his telephone in Congress, but that whatever Mr. Caputo's need might be in this regard, that we get in touch with Mr. Caputo and perform such services that we have available.

Inasmuch as the U.S. Capitol Police have a capability of conducting security checks and have primary jurisdiction in these matters on the Hill, Chief James M. Powell of the Capitol Police was contacted and advised of the above request. He stated that he had no objection to the Bureau performing the requested service for Congressman Caputo and made arrangements for the necessary building entry, parking, etc. in connection with the request. He requested, however, that if the opportunity presented itself that the Congressman's office be advised that the Capitol Police possessed the capability of conducting security checks.

Contact with Congressman Caputo and [REDACTED] was made on 9/15/77. Mr. Caputo stated that he was leaving town in the evening and he would like to have the check performed on Friday, 9/16/77. It was determined that the primary area of concern was his residence rather than

b6
b7C

Memorandum Jay Cochran, Jr. to Mr. McDermott
RE: SECURITY CHECK REQUEST
CONGRESSMAN BRUCE F. CAPUTO

his office space and that the request also involves an attempt to determine whether certain documents had been tampered with. Arrangements were made to conduct the requested security check at 10:00 a.m. on 9/16/77.

Mr. Mintz was contacted concerning this matter and it was agreed that our granting of the request could be considered a natural extension of our authority on the Attorney General's concurrence of the letter sent to him on 9/30/76 in which it was stated that security checks would be conducted for members of the Legislative Branch with the understanding that activities within the areas checked involve matters directly affecting national security or are of a highly sensitive nature.

September 14, 1977

MEMORANDUM FOR MESSRS: MC DERMOTT
KELLEHER
MINTZ

RE: CONGRESSMAN BRUCE F. CAPUTO

35
Congressman Bruce F. Caputo, who resides on Capitol Hill, and whose business phone number is 225-5536, phoned me on September 13, 1977. He said that he has had a couple of burglary reports, one September 2nd and September 3rd, which indicate that possibly he is having some intrusion as a result of his high visibility as a part of the Korean probe in Congress. He said the police were called but there was no visible sign of entry, but as a result of some evidence he has he thinks there was entry.

Security Secretary
Mr. Caputo felt that there is a possibility that there could be an intrusion into his phone system and requested that he be contacted in order that a search might be made. He does not have a phone at his apartment and it appears that it would be confined to his phone in the Congress. At any rate, whatever might be his need in this regard, I would like to have you get in touch with him and perform such services that we have in this regard.

Please do this at once and let me know after your contact with him.

Very truly yours, REC-59 1ST-120

PURPOSE:

To advise of the completion of a security check on 9/16/77, resulting from a request to the Director by Congressman Bruce F. Caputo on 9/13/77.

SYNOPSIS:

The Director advised in a memorandum dated 9/14/77, that a request for a security check had been received from Congressman Bruce F. Caputo. The security check was completed on 9/16/77, and a number of security deficiencies were observed. No evidence of eavesdropping devices was detected at time of the check.

CURRENT BUREAU POLICY:

Security checks are performed by the Technical Services Division (TSD) for members of the Legislative Branch with the understanding that activities within the area checked involve matters directly affecting National Security or are of a highly sensitive nature.

RECOMMENDATION:

1. That upon completion of the latent fingerprint examination Congressional Liaison return the notebook examined and furnish the results of the latent examination to Congressman Caputo.

DETAILS:

The Director advised in a memorandum dated 9/14/77, that a request for a security check had been received from Congressman Bruce F. Caputo. Mr. Caputo advised the Director that he had received two reports of possible burglary at his residence. He stated further that possibly he is having some intrusion due to his high visibility as a part of the Korean probe. On 9/16/77, personnel of the TSD and a Fingerprint Examiner Supervisor of the Identification Division conducted a security check of Congressman Caputo's apartment at 312 A Street, S.E., Washington, D. C. A notebook belonging to the Congressman was furnished by

[Redacted] for latent examination, to be returned by Congressional Liaison after being processed for latent fingerprints.

b6
b7C

The Congressman's apartment contained a telephone, however, it was not hooked up in accordance with the Congressman's desires. No evidence of clandestine microphones or transmitters was located during the checks. The following physical security hazards were noted and brought to the attention of Mr. Diefenderfer:

1. Locks were not changed when the Congressman moved into the apartment.

2. A window in the bathroom and the French doors to the back porch were not securely locked.

3. An access hole on the roof above the living room was not secured and a ladder from the attic to the hole was in place. A trial access to the apartment was conducted with relative ease.

Memorandum to Mr. McDermott
RE: SECURITY CHECK REQUEST
CONGRESSMAN BRUCE F. CAPUTO

b6
b7C

[REDACTED] indicated that there was no need for a security check of Congressman Caputo's office space at this time. He was advised, however, that the Capitol Police have the capability if such a need were to arise in the future. He expressed his appreciation for the Bureau's efforts in this matter and stated he would advise the Congressman concerning the security hazards and would await the results of the latent fingerprint examination.

Honorable Bruce F. Caputo
House of Representatives
Washington, D. C. 20515

Dear Congressman Caputo:

In accordance with your request, on September 16, 1977, Special Agents of the Federal Bureau of Investigation completed a security check of your apartment at [redacted] b6 b7C

[redacted] A number of physical security hazards were noted and brought to the attention of [redacted] of your office. No evidence of eavesdropping devices was detected at the time of this check.

You will be advised separately concerning the results of the latent fingerprint examination.

Sincerely yours,

ST-120 REC-59 62-973,8-120

Clarence M. Kelley
Director

SEP 28 1977

~~INTERNAL SECURITY~~

September 26, 1977

Honorable Bruce P. Caputo
House of Representatives
Washington, D. C. 20515

Dear Congressman Caputo:

On September 16, 1977, a fingerprint specialist of the Federal Bureau of Investigation received a notebook containing 20 documents from [redacted] of your office. A latent print examination was conducted and 105 latent fingerprints, 12 of which are tip, side, or lower joint impressions, and 22 latent palm prints were developed on the documents.

Twenty-three of the latent fingerprints which were developed on these documents have been identified as your fingerprints. The remaining latent fingerprints, 12 of which are tip, side or lower joint impressions, have been compared with your available latent fingerprints, but no additional identifications were effected. Latent impressions of the sides and tips of your fingers and your palm prints are needed for conclusive comparisons of the unidentified latent prints.

You were advised by letter dated September 21, 1977, of the result of the security check of your apartment.

Attached are the notebook and 20 documents, which were received for latent print examination.

Very truly yours,

United States Court House
3rd and Constitution Avenue, N.W.
Washington, D.C. 20001

Dear Mr. Silbert:

Reference is made to your letter dated
September 30, 1977, requesting that an electronic surveill-
ance sweep be made of your office space.

On October 7, 1977, Special Agents of the Federal
Bureau of Investigation conducted the microphone and tele-
phone countermeasures sweep as requested. This service was
provided with the understanding that the material handled
within the areas checked impacts on national security or is
of such a sensitive nature as to warrant these protective
measures.

No evidence of eavesdropping or tampering was
detected at the time of the survey.

Sincerely yours,

Jay Cochran, Jr.
Assistant Director FBI
Technical Services Division

OFFICE OF THE DIRECTOR

UNITED STATES DEPARTMENT OF JUSTICE

FEDERAL BUREAU OF INVESTIGATION

WASHINGTON, D.C. 20535

Date: April 26, 1976

To: Assistant Director, Investigations
Office of Assistant Secretary for Administration
U.S. Department of Labor
200 Constitution Avenue, Northwest
Washington, D.C. 20210

From: *cmk* Clarence M. Kelley, Director

Subject: Security Survey

In accordance with your request, Special Agents of the Federal Bureau of Investigation completed a microphone and telephone security survey of the offices of the Secretary, the Undersecretary, the Assistant Secretaries and the Solicitor in the new Labor Building on April 21, 1976. This survey included a physical search of the space, a check of all phones, and monitoring of the radio frequency spectrum.

No evidence of eavesdropping was detected at the time of the survey.

b7C

Dear Mr. Marshall:

Reference is made to a letter received on
October 7, 1977 from [redacted] Office of Investi-
gations, requesting a technical security survey in certain
offices in the New Labor Building.

On October 13, 1977, personnel of the Federal
Bureau of Investigation completed a microphone and tele-
phone countermeasures survey in the offices of the Secretary,
Under Secretary, Assistant Secretaries, Solicitor and the
conference room in the New Labor Building.

No evidence of eavesdropping or tampering was
detected at the time of the survey.

Washington, D.C. 20510

Dear Senator Nunn:

Reference is made to your letter dated September 22, 1977 requesting that a check be made of your office and office telephones for the presence of any electronic listening devices.

On October 18, 1977, Special Agents of the Federal Bureau of Investigation conducted a security survey of your office in the Russell Building. The survey was conducted with the understanding that activities within the area checked involve matters directly affecting national security or are of a highly sensitive nature.

No evidence of eavesdropping or tampering was detected during the survey.

Sincerely yours,

Security SURVEY

b6
b7C

B
This afternoon Jim Adams called to advise he had conversed with the Attorney General and during the course of the conversation, the Attorney General inquired as to the security of his dictation equipment. While Jim did not get all the details, it would appear that the Attorney General's dictation is carried to another location over a wire (whether telephone or not is unknown) which terminates in a device which records his dictation. The Attorney General also inquired concerning the security of the tapes upon which the signal is captured wondering whether or not the dictation can be reconstructed after the tape is "erased."

Jim would appreciate it if your people could call the Attorney General's and suggest that some day when the Attorney General is not in his office, we go over to make an assessment of the security or lack thereof in his dictating system. Please do so at your earliest convenience and advise me of the results.

Security Survey
SECURITY SURVEY OF LANIER
DICTATION EQUIPMENT
OFFICE OF THE ATTORNEY GENERAL

In response to your expressed concern, Special Agents of the Federal Bureau of Investigation conducted a security survey of your Lanier dictation equipment on 9/30/77. It was determined that the secretary, after she has completed transcribing your dictation, can erase the tape. Once this tape is erased, there is no known method to recover the intelligence. There was no tampering noted with any of the Lanier equipment or the cable connecting the equipment at the time of this survey.

1 - Counselor to the Attorney General

ST-137

DE-63

REC-54

62-97308-833

NOTE: See informal note from [REDACTED] to Mr. Campbell 9/29/77 requesting this survey be performed. ~~The request for a survey was initially made to Mr. Adams by the Attorney General's Counselor, Michael Kelly.~~ The Attorney General and the secretary transcribing his work are separated by a conference room. The wire connecting the dictating equipment runs under the conference room. No other lines access this wire. The installation is basically secure and the potentially weakest spot would be the secretary's inadvertent failure to erase the tape.

SUBJECT: ~~TECHNICAL SURVEILLANCE~~
COUNTERMEASURES SUBCOMMITTEE (TSCS)

PURPOSE:

Security Surveys

To state a need for additional contributions from members of the intelligence community to complete the projects in a Threat Assessment Evaluation Program (TAEP) and to request that the Bureau contribute an additional \$60,000 in the attempt to complete two projects in the program.

DETAILS:

Re memorandum dated 6/11/75 requesting that the Bureau furnish \$50,000 as their share in TAEP to be undertaken by captioned committee.

The TAEP was planned by members of the intelligence community and was intended to make it possible to evaluate the threat against intelligence areas and sites. It would also help the Government determine the level of countermeasures equipment and activities need to protect a particular site. It would also serve as a guideline for activities of the United States Intelligence agencies.

The program was originally to be funded by members of the TSCS for \$350,000. It was estimated to cost \$300,000 with a \$50,000 reserve. The Bureau contributed \$50,000 in June, 1975, and completed its assigned project of domestic finds (Project P-1).

~~SECRET~~

Memorandum W.D. Campbell to Mr. Cochran
RE: TECHNICAL SURVEILLANCE
COUNTERMEASURES SUBCOMMITTEE (TSCS)

When the program was actually funded only \$250,000 was contributed which caused the program to start off with a deficit. CIA contributed an additional [] but increasing costs have made the original estimate inadequate to complete all of the projects. Completion of all the projects would require an additional \$150,000 to \$200,000. b3 per CIA

A review by the oversight committee of TAEF advised that the TAEF as outlined in the original program consisted of different projects which were to be distributed among member agencies and private contractors and that all projects were not allocated funding or assigned in the original tasking because of lack of funds. Two of the projects, P-9 and P-10, vital to the overall study were partially funded and are underway and will not be completed without additional funding. These two projects are the 1974 and 1979 Practical Estimate Of Threat Parameters. For an additional \$60,000 these two projects could be completed to insure a vital and needed area of the TAEF be finished.

Other projects planned in the original program and not funded will not detract from the TAEF and may be completed at a later date.

The Engineering Section feels the completion of the two projects is vital to the TAEF and should be completed.

Deputy Assistant Director Cregar of the Intelligence Division also feels that these projects are of value for future threat assessment evaluation and that the Bureau should assist the Threat Assessment Task Force with an additional contribution.

PURPOSE: To advise the results of requested latent print examination of twenty documents belonging to Congressman Caputo.

DETAILS: The Director advised in a memorandum dated 9-14-77, that a request for a security check has been received from Congressman Bruce F. Caputo and that the request should be handled at once. Arrangements were made with Congressman Caputo to conduct the check on 9-16-77.

Fingerprint Specialist  received a notebook and twenty documents from  to Congressman Caputo, at the residence of Congressman Caputo. These documents were alleged to have been tampered with.

The documents were examined and 165 latent fingerprints, 12 of which are tip, side, or lower joint impressions, and 22 latent palm prints were developed on the 20 documents. Ninety-three of the latent fingerprints have been identified as the fingerprints of Congressman Bruce Faulkner Caputo, born 8-7-43, in New York, New York. Sixty of the latent fingerprints are not identical with the fingerprints of Congressman Caputo. The remaining latent fingerprints, which are tip, side or lower joint impressions, have been compared with the available fingerprints of Congressman Caputo, but no identification was effected. Major case prints of Congressman Caputo will be necessary for conclusive comparisons of these latent prints and the 22 latent palm prints.

The result of the examination conducted by the Technical Services Division was furnished in a separate memorandum.

23 NOV 2 1977

Attached are the notebook and 20 documents and a letter to Congressman Caputo, which sets forth the results of the latent print examination.

TO:

DIRECTOR, FBI
(ATTN: SA [REDACTED])
(TECHNICAL SERVICES DIVISION)

Security Surveys

7/1/77
Re Detroit telcall to [REDACTED] 8/24/77 and Detroit letter to Bureau, 4/27/77.

Referenced telcall and letter requested Bureau Counter-Measure/Security Team to assist Detroit Headquarters technical personnel in a Counter-Measure/Security Evaluation of captioned office space.

Due to construction as performed by civilian contractors and sub-contractors, and further to extreme size and complexity of office space, it is felt current headquarters Counter-Measure equipment is inadequate to provide appropriate and necessary security evaluation.

It is further felt that a Counter-Measure/Security Team could provide valuable assistance to Detroit sound Agents in the training of Counter-Measure equipment.

It is requested that a Counter-Measure/Security Team assist the Detroit Division re captioned matter on or about 9/19/77 through 9/23/77.

RE: MIRON

Security Survey

REFERENCE: Teletype 10-3-77 and specimens received in LFPS 10-6-77
 EXAMINATION REQUESTED BY: El Paso
 SPECIMENS: Q1, one black device

It appears that the specimen was not processed for
 latent prints prior to being received in the LFPS.

No latent prints of value were developed on Q1.

NOT RECORDED
141 NOV 9 1977

The result of the laboratory examination and the
 disposition of Q1, will be the subjects of a separate report.

Security Survey

Reurtel 10/3/77 requesting Bureau assistance
in conducting a security survey of offices of city
government officials in El Paso, Texas.

On 10/5-6/77, Special Agents [redacted]
and [redacted] of the Engineering Section, Technical
Services Division, conducted a security survey of the
office space of the Chief of Police, the Mayor, and the
six Aldermen of the city of El Paso, Texas.

No evidence of tampering or eavesdropping was
detected at the time of the survey.

Note; Referenced teletype advised that a listening device
had been discovered in the office of the Mayor of El Paso,
Texas, and requested that Bureau experts conduct a survey
of the offices of the Mayor and the Chief of Police, and
possibly to include the offices of six other city officials.

Reurlet dated 9/19/77, requesting a security survey of your new office space.

Radio Maintenance Technician [redacted] and Special Agents [redacted] and James T. Freeman will arrive 11/14/77 to perform the requested security survey and afford countermeasures training to Detroit technically trained Agents. Detroit is requested to make necessary hotel reservations and have technically trained Agents available during the week of 11/14-18/77.

NOTE:

Technical Services Division has furnished this service to offices moving into new space. Because of large size and complexity of office space it is felt that three TSD personnel are needed.

Dear Mr. Grimble:

Telephone Security Survey

In response to your request made to personnel of the Tucson Federal Bureau of Investigation (FBI) Resident Agency, representatives of the FBI Technical Services Division conducted a microphone and telephone security survey of the office space of the Tucson Narcotics Strike Force on November 30 thru December 1, 1977.

This search was limited to the most likely places a listening device would be hidden and was made without defacing walls and furniture. The survey included a check of all telephone instruments.

No evidence of eavesdropping or tampering was detected at the time of the survey.

Sincerely yours,

EX-136

PURPOSE:

Security Surveys

To report favorable statements made regarding the FBI's role as Executive Agent for the Interagency Telephone Laboratory (ITL) and services provided to the Intelligence Community.

DETAILS:

A joint meeting of the TSCS and the Research and Development Subcommittee of the Security Committee of the National Foreign Intelligence Board was held 12/13/77, and SA J. H. Breidenfeld was in attendance as the Bureau representative.

During the meeting the Chairman of the Security Committee, [redacted] a guest at the TSCS meeting, stated that the FBI had given the Security Committee an assist by advising the Director of Central Intelligence (DCI) by letter that the Interagency Telephone Laboratory (ITL) was ready for use by the Intelligence Community. [redacted] stated that the DCI had no knowledge concerning the operation of the ITL and asked the Security Committee for a briefing of its activity. This gave the committee the opportunity to explain the history and operation of the ITL. [redacted] stated he wanted to thank the FBI, as Chairman of the Security Committee for their assistance to the Intelligence Community by assuming the responsibility for the ITL.

[redacted] also stated that the threat assessment guides were excellent and were read and appreciated by Intelligence Community officials.

The Chairman of the TSCS, [redacted] stated that he wanted to take the opportunity to commend and thank the FBI for accepting the role as Executive Agent for the ITL and for providing such excellent laboratory facilities.

FBI/DOJ

Memorandum W. D. Campbell to Mr. Cochran
RE: TECHNICAL SURVEILLANCE
COUNTERMEASURES SUBCOMMITTEE (TSCS)

b6
b7C

[redacted] Chairman of the R & D subcommittee, then stated that he would like to take the opportunity to thank the FBI for their support of the threat assessment program and in particular for the \$60,000 needed to complete the threat assessment guides. [redacted] added that the guides were an extremely important project that were of benefit to the entire Intelligence Community and without the added support of the FBI they could not have been completed.

RECOMMENDATION:

None. For information only.

Memorandum

TO : DIRECTOR, FBI

DATE: 8/24/77

ATTN: TECHNICAL SERVICES DIVISION

FROM : SAC, WFO (66-381 Sub B)

SUBJECT: RELOCATION OF WFO
1900 Half Street, S.W.
Washington, D. C.
SECURITY OF SPACE

TELEPHONE SECURITY SURVEYS

The relocation of the Washington Field Office to 1900 Half Street, S.W., Washington, D. C., is scheduled to begin about September 16, 1977. Construction of facilities at the new location is in progress and will be almost complete by that date. It is believed that a counter-measure sweep of the premises should be conducted in order to preserve and maintain the security of WFO operations.

REQUEST OF TECHNICAL SERVICES DIVISION

It is requested a counter-measure sweep of the premises to be occupied by WFO be conducted by personnel of the Technical Services Division. Arrangements for access should be made orally with Supervisor [REDACTED] and any assistance desired will be provided by WFO.

WASHINGTON, D.C.

TELEPHONE Security
SURVEYS

Reurlet 8/24/77, requesting a countermeasures sweep of your new space upon completion of the WFO move.

Technical Services Division and WFO personnel have provided a countermeasure sweep of your office space and all telephones during the period of 10/19/77 - 12/7/77.

None of the checks revealed evidence of any tampering with telephones, clandestine transmitters, or other listening devices.

FEDERAL GOVERNMENT

Mr. Charles L. Dempsey
Acting Inspector General
Department of Housing and
Urban Development
Washington, D.C. 20410

1 - Mr. McDermott
1 - Mr. Cochran
1 - Mr. Campbell
1 - Mr. Verven
1 - Mr. Breidenfeld

Dear Mr. Dempsey:

Telephone Security Surveys

Reference is made to your letter dated January 18, 1978, requesting a security check of Department of Housing and Urban Development Suites 10000 and 10214.

The requested security check was conducted on January 27, 1978, by FBI personnel. No evidence of eavesdropping devices or tampering was detected at the time of this check.

In regard to your request for an intermittent security check, it is our policy that a letter from the requesting agency be submitted before a security check is performed. Unless unusual circumstances exist, we would prefer that these checks not be conducted more often than at 6-month intervals due to budgetary restrictions and limited manpower.

Sincerely yours,

Jay Cochran, Jr.
Assistant Director FBI
Technical Services Division

REC-30 62-97308-847

9 FEB 14 1978

Note: Due to budgetary constraints and other manpower commitments, it is not practical to provide security checks to HUD on a more frequent basis. In addition, since security checks are not normally conducted for the Director or the Attorney General more often than once every six months, it is not considered necessary to provide this service to HUD at more frequent intervals unless unusual circumstances are indicated.

SUBJECT: REQUEST OF CONGRESSMAN
BRUCE F. CAPUTO

Security SURVEYS

PURPOSE:

To report results of security check of Congressman Caputo's New York Office space.

DETAILS:

Re approved memorandum of Legal Counsel to Associate Director dated 1/19/78 which requested that the FBI conduct a check of Congressman Caputo's New York Office telephone lines for a possible eavesdropping device.

On 1/30/78, [redacted] New York Office advised that Agents of the New York Office conducted a telephone and microphone check of the Congressman's office at 30 South Broadway, Yonkers, New York on that date.

No evidence of eavesdropping or tampering was detected during the check.

Congressional Liaison stated that they wanted to handle advising the Congressman as a liaison function and a letter would not be needed.

REC-30 62-97308-850

RECOMMENDATION:

Director's Sec'y _____

PURPOSE:

The purpose of this memorandum is to report a request made by captioned Congressman to have the FBI conduct a security check of Congressman Caputo's Yonkers, New York, office telephone lines for a possible eavesdropping device.

DETAILS:

On Tuesday, 1/17/78, [redacted] b6
[redacted] Congressman Bruce F. Caputo advised that the b7C
Congressman's residence in Washington, D. C., was recently burglarized. The Congressman at that time had the FBI conduct a security check of the telephone lines at his Washington residence and no eavesdropping device was located.

[redacted] stated that the telephone lines at the New York State Correctional Office which adjoins Congressman Caputo's office were recently checked and the technician who conducted this security check advised the Congressman that he believes there is some type of sending device on the Congressman's telephone line. Congressman Caputo uses the telephone at his Yonkers office, located at 30 South Broadway, Yonkers, New York, telephone number (914) 476-3319 for official business and sensitive matters are often discussed. Congressman Caputo realizes that the local telephone company would be able to conduct a security check of his telephone lines but prefers that the FBI make this check.

**COUNTERMEASURES SURVEY OF
RESIDENT AGENCY SPACE AT
CHATTANOOGA, TENNESSEE**

Security Surveys.

Reurtel dated 2/2/78.

On 2/15 - 17/78, personnel from the Engineering Section, Technical Services Division, conducted a countermeasures sweep of the Chattanooga RA. This sweep included a check of all telephones in the space, the RF spectrum, and a physical search. No evidence of eavesdropping or tampering was detected during this survey. It is noted that what was purported to be a sweeping device might have indicated the presence of an RF field caused by a source other than a clandestine transmitter. Several high level signals were noted in the room that might have activated the device.

The common wall between the RA and Intelligence Associates, Inc., has no acoustical insulation and normal room conversations can be heard on the other side of the wall. It is recommended that some type of sound absorbing material be placed on this wall.

NOTE: The purported sweeping device was a simple field strength meter brought to the RA by a person who did not understand how it operated.

SECURITY SURVEY OF SPECIAL SECURITY CENTER

SECURITY SURVEY

Reference is made to your letter dated
February 23, 1978, requesting a microphone and telephone
security survey of the Special Security Center in Room 6744,
Main Justice Building.

On March 9, 1978, Special Agents of the FBI conducted
a microphone and telephone security survey of the Special
Security Center.

No evidence of eavesdropping or tampering was
detected at the time of the survey.

SECURITY SURVEY;
U.S. PENITENTIARY;
ATLANTA DIVISION

Reurtel 3/6/78, requesting that the Bureau provide a security survey of the Warden's Office, U.S. Penitentiary, Atlanta, Georgia.

SA [redacted] and FMT [redacted] will arrive Atlanta on 3/22/78 at 9:30 am via Delta Airlines Flight 1815 to perform the requested security survey. Lodging arrangements should be made for two persons for March 22 and March 23.

b6
b7C

Note: [redacted] U.S. Penitentiary, Atlanta, has indicated there is some possibility that the security of his office and/or telephone system has been breached. Atlanta feels our providing a security survey would be in the best interests of the Bureau and its liaison with the Penitentiary. The survey will be performed as part of a trip to the Savannah Division to perform a similar service.

SECURITY SURVEY, OFFICE OF U. S. ATTORNEY, ND OG GA. - ATLANTA.

RE ATLANTA TELCALL TO SA JERRY H. BREIDENFELD, MARCH 17,
1978.

b6
b7C

USA [REDACTED] NDGA, HAS ADVISED ATLANTA OFFICE THAT
AS A RESULT OF CERTAIN INFO DEVELOPED BY HIM IN CONNECTION
WITH CASES BEING PROSECUTED BY HIS OFFICE HE HAS REASON TO BE-
LEIVE THAT THE SECURITY OF HIS OFFICE AND THAT OF THREE OF HIS
ASSISTANTS MAY HAVE BEEN BREACHED.

IT IS REQUESTED THAT THE TECHNICAL SERVICES DIVISION PRO-
VIDE A SECURITY SURVEY OF THESE OFFICES AND PHONE LINES DURING
WEEK OF MARCH 20, 1978, IF POSSIBLE. REC-36 62-97308-857

SURVEY WOULD DEFINITELY BE BENEFICIAL TO ATLANTA OFFICE'S

LIAISON WITH USA.

4/18/78
JHE/vr

3/20/78

Mr. Cochran:

Concerns Atlanta teletype 3/17/78
requesting TSD to conduct security sweep
of U. S. Attorney's office in Atlanta.

ASAC Ed Pisty of the Atlanta office
advised SA Campbell on 3/20/78 that information
from the U. S. Attorney's office concerning case
strategy and other matters is being leaked out.
ASAC Pisty stated that they have a secretary in
the U. S. Attorney's office that is under suspicion
concerning the removal of documents from his
office. The U. S. Attorney would like to eliminate
all possibilities of a technical device being planted
in his office prior to conducting his investigation
concerning the secretary that may be furnishing
information to unauthorized people.

In view of the above, it is recommended
that this search be conducted since we will have
people in Atlanta conducting other security
surveys during this period.

SICHELTY SURVEY;
U.S. PENITENTIARY,
ATLANTA DIVISION

Reburt 3/6/78, requesting that the Bureau provide
a security survey of the Warden's Office, U.S. Penitentiary,
Atlanta, Georgia.

SA [redacted] and [redacted] will
arrive Atlanta on 3/22/78 at 9:30 am via [redacted] Flight
1815 to perform the requested security survey. [redacted] b6
arrangements should be made for two persons for [redacted] b7C
March 13.

Note: [redacted] U.S. Penitentiary, Atlanta,
has indicated there is some possibility that the security of
his office and/or telephone system has been breached. Atlanta
feels our providing a security survey would be in the best
interests of the Bureau and its liaison with the Penitentiary.
The survey will be performed as part of a trip to the Savannah
Division to perform a similar service.

Dear Mr. Randolph:

Security Surveys

In accordance with the request made in your letter dated March 31, 1978, Special Agents of the Federal Bureau of Investigation completed a microphone and telephone security survey at the National Telecommunications and Information Administration, 1325 G Street, N.W., Washington, D. C. on April 5, 1978. The survey was conducted with the understanding that activities within the area checked involve matters directly affecting national security.

No evidence of eavesdropping or tampering was detected at the time of the survey.

Sincerely yours,

Jay Cochran, Jr.
Assistant Director FBI
Technical Services Division

SECURITY SURVEY OF OFFICE OF LEGAL COUNSEL ROOMS

Robert L. Dennis, Director
Administrative Programs Management Staff
Office of Management and Finance

Reference is made to your letter dated
March 6, 1978, requesting a microphone and telephone
security survey of the Office of Legal Counsel,
Rooms 5214, 5224, 5228, 5231, and 5238 in the Main
Justice Building.

On March 17, 1978, Special Agents of the
Federal Bureau of Investigation conducted the requested
microphone and telephone security survey.

No evidence of eavesdropping or tampering
was detected at the time of the survey.

SUBJECT: COUNTERMEASURES
REGIONAL SWEEP TEAMS

KEENEY
SUBJECT

At the present time most of the countermeasures requests at FBIHQ and the field are handled by the FBIHQ countermeasures team. The FBIHQ team finds it difficult to handle the increasing countermeasures requests and it has been planned to set up regional field sweep teams to assist in the handling of countermeasures requests.

As a beginning in the establishment of regional sweep teams it is planned to bring SA [redacted] Dallas and SA Richard Suter, Houston to FBIHQ during the week of 5/22-26/78 for briefing on new equipment and procedures. It is then planned that SA's [redacted] and Suter will assist the FBIHQ team on field sweeps to become fully qualified.

b6
b7C

RECOMMENDATION:

That approval be granted to afford advanced countermeasures training to SA's [redacted] and Suter during the week of 5/22-26/78. If approved, Gray and Suter will be advised to report to FBIHQ by separate communication.

This request is to handle a specific need for a capacity in the southwest to preclude HQ teams from having to make repeated long trips. The establishment of a program for field sweep teams will be requested and justified at a later time when we have sufficient equipment to outfit them. This memo will not constitute approval of a Bureau wide sweep team program.

Washington, D. C. 20549

Attention: Mr. Benjamin Milk
Executive Director

Security Survey

Dear Mr. Williams:

Reference is made to the letter of Executive Director Benjamin Milk dated May 18, 1978, requesting a technical security survey of certain areas of your building at 500 North Capitol Street, Washington, D. C.

On May 25, 1978, Special Agents of the Federal Bureau of Investigation completed a microphone and telephone security survey of your office, the Commission Meeting Room, and [redacted] office. The survey was conducted with the understanding that activities within the areas checked involve matters directly affecting national security or are of a highly sensitive nature.

b6
b7C

No evidence of eavesdropping or tampering was detected at the time of the survey.

PURPOSE:

To record the completion and results of a security survey.

DETAILS:

On 6/6/78, Unit Chief Joseph W. Montefiore, Administrative Services Division, requested that a security survey be conducted in Room 1236, J. Edgar Hoover Building, prior to an SACs conference to be held there.

On the same date Radio Maintenance Technician [redacted] and Special Agent [redacted] of the Engineering Section, Technical Services Division, conducted the security survey as requested.

No evidence of tampering or eavesdropping was detected at the time of the survey.

PINELLAS COUNTY STATE'S ATTORNEY OFFICE
REQUEST FOR OFFICE SWEEP

SAC, Tampa (80-165)

Pinellas County Attorney

Reur teletype dated 5/27/78 and captioned as
above requesting a FBI countermeasures sweep of the office
of the State's Attorney.

Personnel of the FBI conducted a countermeasures
sweep of captioned space, which included a check of the
telephones and a R.F. spectrum search.

No evidence of tampering or clandestine devices
was noted during the sweep.

NOTE: Referenced teletype advised that a telephone
call had been heard over a police monitor, leading to the
belief that the office of the Pinellas County State's
Attorney may contain a clandestine listening device.
SA J. H. Breidenfeld and [redacted] conducted the
sweep. No definite reason was found for a telephone call
being heard over the police radio.

SUBJECT: ~~ASSOCIATED LOCKSMITHS OF AMERICA (ALOA)~~
NATIONAL CONVENTION
JULY 9-16, 1978
NEW ORLEANS, LOUISIANA

b6 PER FBI
b7C

PURPOSE:

SECURITY SURVEYS

The purpose of this memorandum is to advise of the referenced convention and the benefits which can be derived from it by the FBI.

SYNOPSIS:

The Associated Locksmiths of America (ALOA) will hold its 19th annual national convention at the New Orleans Hyatt Regency Hotel July 9-16, 1978. During this convention many classes and seminars relating to the newest concepts, methods, and developments in the field of locks, safes, and alarms will be taught. There will be over 175 manufacturers and suppliers of security hardware who will exhibit their products.

RECOMMENDATION:

Re: ASSOCIATED LOCKSMITHS OF AMERICA (ALOA)

New Orleans Hyatt Regency Hotel, July 9-16, 1978. During this convention the latest developments in locks, safes, and security devices will be exhibited and demonstrated. In addition to the exhibits numerous seminars and classes will be conducted for those in attendance. Attendance is limited to Association members, the security industry, and invited guests. It is not open to the public.

The major part of the convention this year is the classes which are being held from July 9-14. These classes offer a wide variety of training which cannot be found anywhere and which would take many years to accumulate on an individual basis.

Personnel assigned to the Engineering Section have attended ALOA's national convention for the past five years and information obtained at these conventions has proven extremely valuable in fulfilling the FBI's investigative responsibilities. Attendance has also facilitated the development of contacts in the industry that are invaluable in case examinations and matters involving national security.

New products and methods in the security field are appearing on almost a daily basis. In order to keep abreast of these developments and to insure that the Bureau obtains the best security for the cost, attendance at this convention is recommended.

Since much of the technical material of interest to the FBI is presented over five full days in numerous overlapping sessions, three attendees, SA's [redacted] all of whom are knowledgeable in the field of physical security, are recommended to attend.

By sending three representatives, a maximum return on the information imparted at this convention will be assured. Because advances in the field of physical security are so dynamic and where pertinent areas of concern will be discussed simultaneously during the convention, every effort must be made to attend all topics of interest as they are offered. As stated earlier, nowhere else can information of this type be obtained in such a complete manner. For the FBI to function effectively in this field every effort must be made to ensure total coverage at this convention. The time

Memorandum to Mr. Cochran
Re: ASSOCIATED LOCKSMITHS OF AMERICA (ALOA)

and effort involved to duplicate this learning process would be impossible to calculate if attempted outside of ALOA and the value derived from attendance at this convention is evidenced by the number of other Government security representatives (State Department, CIA, NSA, Capitol Security, Secret Service, DOT, Department of Labor, DEA, all branches of the Military and DOD), who regularly attend this convention. Attendance at this convention not only will enhance the posture of the Bureau in this area but it will also guarantee its current standing in the government community that deals in this sensitive area of endeavor.

Attached is a xerox copy of the classes offered at this years convention. Notations indicate classes attendees anticipate taking. In addition to these classes, there are numerous free clinics on related matters in the security field and it is the intention of all attendees to be present at all of these.

(S) In undercover operations, Title III cases and FCI investigations, there is a continuing requirement for the penetration of secured spaces. Since criminals and espionage agents alike utilize the latest in sophisticated security hardware, both of foreign and domestic construction, the FBI must maintain a liaison with the manufacturers of this equipment as well as be able to successfully defeat the security provided by these elements when called upon. Recent examples of this include [REDACTED] and UNIRAC-RICO.

Knowledge in this field is also required for the protection of sensitive and complex monitoring facilities utilized by the FBI and other government agencies. Since some of these facilities are shared, absolute requirements are mandated for protection and the most modern technology must be applied. A case in point is a new facility authorized for construction in New York where a whole floor will be utilized by another group.

~~CONFIDENTIAL~~

~~SECRET~~

~~SECRET~~

~~CONFIDENTIAL~~

Memorandum to Mr. Cochran
Re: ASSOCIATED LOCKSMITHS OF AMERICA (ALOA)

Approximate cost per attendee would be: Registration \$10.00; Classes \$200.00; per diem \$396.00; and transportation \$214.00.

Administrative details will be handled by the personnel involved. Earliest registration is requested as some classes are restricted due to class content and size. Payment would be by purchase order for all except per diem and travel.

By sending three trained Special Agents to receive instruction the Bureau will get maximum return for the expenditure of time and money. To obtain the same information from other sources, the three SAs would have to spend weeks in travel and a tremendous increase in cost over this convention. It is categorically stated that any lesser FBI representation will not be cost effective nor will full potential be reached.

If approved, training forms, OF-170, will be submitted by the attendees prior to departure.

SUBJECT: REQUEST FOR SWEEP OF TELEPHONE LINES
AT RESIDENCE LOCATED AT [REDACTED]
[REDACTED]

1/5
PURPOSE:

Security Surveys

To request that representatives of the Engineering Section, Technical Services Division, sweep the telephone lines at my residence located at the above address.

SYNOPSIS AND DETAILS:

On 5/11/78 [REDACTED] located a Bell System device attached to the protector block located on the backside of our residence at [REDACTED]. I removed the device on the evening of 5/11/78 and on 5/12/78 gave the device to Section Chief William Campbell of the Engineering Section, Technical Services Division. The device is Bell System equipment and is normally used by telephone installers and repairmen. It could also be used by someone who was attempting to place a tap on my telephone.

b6
b7C

Mr. Campbell had the device checked and stated that it was in working order except the batteries had run down. Mr. Campbell arranged for one of his employees to make appropriate inquiries with the telephone company in Northern Virginia in an effort to determine whether the device had been left inadvertently by a telephone company employee. Information received from the telephone company discloses none of the telephone company employees who are assigned to perform work in the area of my residence have misplaced such a device.

Inasmuch as the possibility does exist that parties unknown could have attempted to monitor my telephone it would appear prudent to have

SUBJECT: SECURITY OF SPACE
JUDGES' CHAMBERS, JURY ROOMS
AND U.S. ATTORNEY'S OFFICE
DISTRICT OF HAWAII

b6
 b7C

Re telephone call of SAC to [REDACTED]
 6/5/78.

Enclosed for the Bureau is a xerox copy of a letter received at Honolulu from the U.S. Marshal's Service.

Enclosed letter requests Bureau assistance conducting electronic sweep of the Judges' chambers and jury rooms for the presence of eavesdropping devices. The referenced phone call was made in this connection and this communication was suggested.

The space involved was visually checked and the Judges' chambers consist of a suite of rooms comprising a personal secretary's office and reception area, a law clerk's office, the Judge's personal office and conference area. This space which is a prime interest in the suite measures approximately 25 by 35 feet. In addition, each Judge's chamber contains a full bathroom and a wet bar. There are three Judges' chambers plus the offices of the U.S. Magistrate which consist of the Magistrate's office and a reception area.

Approved: [REDACTED] Transmitted [REDACTED]

(Number)

(Time)

There are two jury rooms both measuring approximately 25 by 25 feet each equipped with two bathrooms. There are no windows or telephone service. The jury rooms are adjacent to each other on the top floor of the courthouse building and accessible only by stairwell.

The current U.S. Attorney has orally made request of the former SAC, Honolulu for consideration of sweep service in the event a team of experts were to visit Honolulu in the future. In this connection, he advised he would like a sweep to be made of his office, the office of his five assistants, the office of the Strike Force Attorney assigned permanently to Honolulu, the conference room and library.

As stated above, there is no telephone service to the jury rooms; the Judges' suites are serviced by GSA Centrix Service plus a private line for each judge. In addition, there is an intercom system for security purposes between the Judges' chambers and the U.S. Marshal's Service. The U.S. Attorney's Office has a total of 11 telephone lines, 6 of which are part of the GSA Centrix System. The other lines are private lines servicing each attorney.

The U.S. District Judges have furnished the following information concerning their vacation plans for the summer:

Chief Judge SAMUEL P. KING advised he has no vacation plans for the months of June or July and that in Judge PENCE's absence Judge KING pointed out that PENCE was a senior U.S. District Judge and used his chambers only when scheduled to hear cases. Judge KING said Judge PENCE's schedule indicated he will be in Honolulu most of June and July. Judge DICK YIN WONG advised that he intended to be on the mainland and away from Hawaii from 6/17-7/14/78.

When apprised of the fact that the Bureau may be able to furnish a team of experts from the Laboratory to conduct a sweep, the U.S. Marshal's Service expressed concern over any possible charges they might accrue in this connection. He pointed out that should there be a charge for this service, payment of any fees would necessarily need to be worked out with their headquarters in advance.

For the information of the Bureau, space utilized by the Judges and the U.S. Attorney were completed and occupied after a security check was conducted by the Laboratory of space utilized by the Honolulu Division. Since the date

HN 66-301

of the sweep of the Honolulu Office, a number of alterations have been made and it is felt another sweep of this office may be appropriate. For the information of the Bureau, the Agana RA, Guam, has never been subjected to a survey and the Technical Services Division may decide inspection of both the Honolulu Office and the RA should be conducted.

SUBJECT: SECURITY SURVEY

PURPOSE:

To record the completion and results of a security survey.

DETAILS:

On 6/15/78, Special Agent [redacted] Intelligence Division, telephonically requested that a security survey be conducted in the FBIHQ Auditorium, and Room 305 and the VIP Room at the FBI Academy. The request originated because a FCI Supervisors Conference was scheduled to be held in the above-mentioned areas.

On 6/19/78, Special Agent Jerry H. Breidenfeld and [redacted] of the Engineering Section, Technical Services Division, conducted the security survey as requested.

No evidence of tampering or eavesdropping was detected at the time of the survey.

Dear Mr. Silbert:

Reference is made to your letter dated May 10, 1978, requesting a security check of the telephones in the Major Crimes Division of the U.S. District Court and the home telephones of Assistant United States Attorneys

On May 23, 1978, the telephones in the Major Crimes Division, on June 13, 1978, the home telephone of [redacted] and on July 12, 1978, the home telephone of [redacted] were electronically and physically checked for security by employees of the Federal Bureau of Investigation.

No evidence of eavesdropping devices or tampering was noted during the survey.

Sincerely yours,
ST-125

Security Service

Dear Mr. Webster:

On June 15, 1978, the Export-Import Bank had a reception to which foreign Embassy Officials from nearly all countries were invited. Among those invited to the reception from the Embassy of the Union of Soviet Socialist Republics were Mr. Anatoliy F. Dobrynin, Ambassador; and Mr. Sergey A. Mkrtumov, Minister (Commercial) Trade Representative of the USSR. Messrs. Dobrynin and Mkrtumov did not attend the reception, but two other representatives from the Russian Embassy did. We attempted to identify these guests with one of your agents.

Since sensitive and highly classified information is discussed daily in our President and Chairman's Office, we are because of the visitation by these two officials, and the years that have elapsed since it was last checked, anxious to have his principle office (Room 1215) inspected by your agents.

If any additional information is needed, please contact the undersigned on [REDACTED]
Your cooperation is greatly appreciated.

SUBJECT:

TECHNICAL TRAINING-SOUND TRAINED AGENTS
NY DIVISION

Security Surveys

TO:

DIRECTOR, FBI (ATTENTION: SA BREIDENFELD, ROOM 1B053,
ENGINEERING SECTION, TSD)

Retelcall from [redacted] to
SA BREIDENFELD, 8/7/78.

b6
b7C

It is requested that the Bureau arrange for
SA [redacted] to attend Countermeasure School,
October, November, 1978.

SA [redacted] is currently undergoing OJT in
the Sound Field in the NY Division, and assigned to the CES
in NY.

SA [redacted] has an extensive electronic background
and extensive training in telephones and telephone systems.
It is NY's opinion that SA [redacted] has all the necessary
pre-requisites to attend this training and that he will represent
the Bureau in excellent fashion.

For your information, the Technical Coordinator in
NY has only two other trained Sound Agents in the Countermeasures
Field and due to the tremendous work load in this area,
needs an additional agent to be formally trained.

Please advise as to your approval and scheduled dates.

- 1 - Mr. McShane
- 1 - Mr. Breidenfeld

Security Summary
Reurlet dated 6/16/78, captioned as above.

Referenced letter requested information concern-
ing a telephone line analyzer manufactured by Communication
Control Systems, Inc., 605 Third Avenue, New York, New York.

Records of Dun and Bradstreet, New York (protect)
reflect Communication Control Systems, Inc., 605 Third
Avenue, New York, New York, was incorporated at New York,
10/15/75, to manufacture telephone and computer surveillance
countermeasures systems. Corporate President is identified
as George Scanlon and Vice-President is identified as Hugo
Black. The foregoing information, furnished by Dun and
Bradstreet, was provided in confidence and authority to
disseminate to a foreign government was not granted.

Enclosed for the [redacted]
[redacted] is a brochure issued by Communication Control Systems,
introducing the TA-1000B telephone analyzing system. b1

It is noted that this telephone line analyzer
incorporates a Tektronix 1503 TDR Cable Tester as an integral
part of the analyzer. It is noted that the price of this
analyzer is quoted at over \$24,000. The price of the TDR
1503 is \$3,000 plus optional accessories. As the TDR 1503
is the main part of the analyzer it appears that the analyzer
is overpriced.

Specifications for TDR 1503 are enclosed for [redacted]

From information available to the Technical Services
Division it appears that the Communication Control Systems,
Inc. does not engineer new equipment but instead incorporates
other manufacturers' equipment into equipment it sells.

Communication Control System, Inc. is the present
name used by this manufacturer. Its manager, [redacted]
has used several other business names in the past few years.

BANKRUPTCY COURT.

INVESTIGATION TO DATE BY THE FBI HAS DETERMINED THAT ELABORATE STOCK MANIPULATION SCHEME WAS CARRIED OUT BY THESE PRINCIPALS AND OTHERS IN ORDER TO ARTIFICIALLY INFLATE THE VALUE OF THE WASHINGTON GROUP STOCK. THIS PROCEDURE, ALONG WITH THE PUBLIC REPORTING OF WHAT HAS BEEN DETERMINED TO BE FALSE FINANCIAL STATEMENTS ENABLED THE WASHINGTON GROUP TO HAVE THE APPEARANCE TO THE PUBLIC OF A STRONG RELIABLE COMPANY. IN ADDITION TO THE STOCK MANIPULATION, VARIOUS NOMINEE LOANS WERE OBTAINED AT A LOCAL BANK IN WINSTON-SALEM AND QUESTIONABLE BUY/SALE AGREEMENTS NEGOTIATED THROUGH THE WASHINGTON GROUP HAVE BEEN DISCOVERED.

IN THE CONDUCT OF THEIR AFFAIRS, [REDACTED] AND [REDACTED] HAVE USED ELECTRONIC SURVEILLANCES AS EVIDENCED BY ONE SUCH INSTANCE DETERMINED TO HAVE TAKEN PLACE DURING A MERGER IN 1972. AS A RESULT OF THE FBI INVESTIGATION AND SUPERVISION OF THE COMPANY BY THE BANKRUPTCY COURT, SEVERAL QUESTIONABLE INCIDENTS HAVE TAKEN PLACE WHICH SUGGESTS ILLEGAL WIRETAPS ARE BEING USED.

b6
b7C

PAGE THREE CE 29-3246 UNCLAS

[REDACTED] ATTORNEY FOR THE TRUSTEE IN THIS BANKRUPTCY MATTER, HAS CONDUCTED AN INVESTIGATION FOR THE BANKRUPTCY COURT AND AS SUCH, IS COMPLETELY KNOWLEDGEABLE OF THE FACTS OF THIS MATTER. [REDACTED] RESIDENCE HAS BEEN BURGLARIZED IN DAYLIGHT HOURS AND INVESTIGATION BY THE FBI INDICATES INTRUSIONS MADE BY A TEAM OF AT LEAST FOUR INDIVIDUALS WHOSE PURPOSE IS UNKNOWN AS NO VALUABLES WERE TAKEN FROM THE RESIDENCE. ADDITIONALLY, SUBJECT MATTER OF TELEPHONIC CONVERSATIONS BY [REDACTED] FROM HIS OFFICE AND HOME WITH WITNESSES AND WITH THE FBI HAVE BECOME KNOWN TO THE SUBJECTS.

b6
b7C

THE CHARLOTTE DIVISION'S SOUND MAN CONDUCTED A SWEEP OF [REDACTED] RESIDENCE AND OFFICE ON AUGUST 30, 1978, WITH NEGATIVE RESULTS. SUBSEQUENTLY, [REDACTED] HAD A TELEPHONIC CONVERSATION FROM HIS OFFICE WITH A POTENTIAL WITNESS AND TWO HOURS LATER, [REDACTED] CALLED SAME WITNESS REGARDING THE SUBJECT MATTER DISCUSSED BY [REDACTED] WITH THE WITNESS. CHARLOTTE DOES NOT HAVE THE NECESSARY EQUIPMENT TO CONDUCT AN EFFECTIVE SWEEP OF TELEPHONIC EQUIPMENT AT THE OFFICE AND RESIDENCE OF THE ATTORNEY. ADDITIONALLY, CHARLOTTE SOUND MAN IS PRESENTLY IN AN UNDERCOVER CAPACITY IN THE CHARLOTTE DIVISION AND IS NOT AVAILABLE TO PROVIDE

Management Branch
Federal Trade Commission
Washington, D. C. 20580

FEDERAL GOVERNMENT

Dear Mr. McCommas:

Security Surveys

Your letters dated August 31, 1978, and September 20, 1978, requested sweeps of rooms 418 through 426A and 432 through 456 of the Federal Trade Building.

On September 5, 1978, and October 3, 1978, personnel of the Federal Bureau of Investigation conducted electronic and physical sweeps of those offices and the telephones therein.

No evidence of clandestine eavesdropping devices or of tampering was noted during the sweeps.

It was noted during the October 3, 1978, sweep that the Chairman's Lanier Action Line Word Flow - Communications System, Model C/2, was transmitting recorded information in the playback mode on a radio frequency of 32.5 megahertz (MHz) with predominantly FM modulation. This was received approximately 100 feet from the transcriber.

The transcriber was removed for more detailed examination. It was determined that a 14-pin integrated circuit, CD 4011, a Quad MOS Gate, was transmitting predominantly FM modulation at 32.5 MHz with harmonics at 63.4 MHz and 92 MHz. The transmission was received on a small FM radio with good quality audio.

It appears that this transmission capability is inherent in the manufacture of this model as it was also present in another identical model.

SECURITY SURVEY OF JUDGE'S CHAMBERS

Reference is made to your letter dated January 5, 1979, requesting a countermeasures survey of the Judge's chambers in Room 6309 of the United States District Court-house, Constitution Avenue and John Marshall Place.

Employees of the Federal Bureau of Investigation conducted the requested countermeasures survey on January 8, 1979.

No evidence of eavesdropping or tampering was detected at the time of the survey.

NOTE: The sweep was performed by [redacted] and [redacted] Engineering Section, Technical Services Division.

Reurlet dated 5/2/79, requesting countermeasures training for SA [REDACTED]

SA [REDACTED] has been scheduled for the Technical Surveillance Countermeasures (TSCM) course from 10/3/79 through 11/16/79 at the Interagency Training Center, Silesia, Maryland.

Appropriate training form OF-179 (10 part) should be completed upon receipt of this letter, and forwarded to the Bureau for approval.

NOTE: The above training is necessary in order that the additional requirements for countermeasures can be handled by trained agents in the field. There is no tuition involved and the total cost of travel, per diem and car rental is estimated at \$2,750. The above has been coordinated with [REDACTED] Training Officer, Administrative Services Division.

UNITED STATES GOVERNMENT

UNITED STATES DEPARTMENT OF JUSTICE
FEDERAL BUREAU OF INVESTIGATION

Memorandum

TO : DIRECTOR, FBI
(ATTN: FBI LABORATORY, TECHNICAL SERVICES DIVISION,
RADIO ENGINEERING SECTION)

DATE: 6/20/79

FROM : *AFN/003* SAC, MIAMI (66-2149)

SUBJECT: *C* SECURITY SURVEY - FT. LAUDERDALE
RESIDENT AGENCY

Full

Recently, the Ft. Lauderdale Resident Agency (FLRA) of the Miami Division moved into new office space in the new Federal Building, located at Room 303, 299 E. Broward Boulevard, Ft. Lauderdale, Florida. The Federal Building was under construction for more than two years and there were problems with the several unions, which included shoddy construction, as well as destruction of property at the site.

The Bureau is aware of the potential threat that exists for acts of terrorism in the Miami Cuban community because of the everchanging international political situation. Also, South Florida has become the winter haven and the retirement home for individuals associated with national organized crime groups, which are a continuing threat to any law-abiding community.

Accordingly, in view of the foregoing information, it is felt that a security survey of the new Ft. Lauderdale, Florida Resident Agency would appear to be justifiable.

It is noted that the Miami Division does not have the equipment to perform such a survey.

REQUEST OF THE BUREAU

The Technical Services Division is requested to furnish personnel to conduct a security sweep of the premises to insure no listening devices were installed without the Bureau's knowledge during the construction phase of the Federal Building and to analyze the telephones.

SECURITY OF HEADQUARTERS
 TELEPHONE SYSTEM

Security Survey

Re Chicago telcall to JERRY BREIDENFELD, 7/27/79.

For the information of the Bureau, the Chicago Division has had a new telephone (GTE 1000) system installed in its Headquarters office. The cutover from Bell Telephone to the GTE 1000 system was effected on March 16, 1979.

Due to numerous problems with the new telephone system, including major shutdowns of the switchboard, GTE personnel worked several months correcting the problems, and it is believed that the system is now operating efficiently. *AC*

It is requested that a countermeasure survey be conducted in the Chicago office by Bureau personnel. SA has had countermeasure technical training and will be available to assist Bureau personnel in conducting the countermeasure survey. *62-97308-905*

SECURITY SURVEY OF SPECIAL SECURITY CENTER

Reference is made to your letter dated September 4, 1979, requesting a microphone and telephone security survey of the Special Security Center in Room 6744 of the Main Justice Building.

On September 10, 1979, employees of the Technical Services Division of the Federal Bureau of Investigation conducted a microphone and telephone security survey of the Special Security Center, Room 6744.

No evidence of eavesdropping or of tampering was detected at the time of the survey.

NOTE: The above survey was conducted by SA Jerry H. Breidenfeld, [redacted] and [redacted] Engineering Section, Technical Services Division.

Honorable William H. Webster
Director
Federal Bureau of Investigation
Attn: Technical Services Division
9th St. & Penna. Avenue, N.W.
Washington, D.C. 20535

Dear Mr. Webster:

There have been two instances recently, one in which not only did the contents of a written memorandum appear in a publication, but also a verbatim account of an oral discussion of a transaction by our Board of Directors. In the other instance a reporter for this same publication that printed the incident above, was able to give one of our Senior Officers an account of everything that had occurred at a meeting of the Bank's Board of Directors two hours earlier the same day.

In view of these happenings we would like to have our Board Room (Room 1141) inspected by your Agents.

If any additional information is needed, please contact the undersigned on [redacted].
Your cooperation is greatly appreciated.

Very truly yours,⁹ AUG 8 1979

Dear [redacted]

*MICROPHONE AND Telephone
Security Surveys*

In keeping with your request, employees of the Federal Bureau of Investigation completed a microphone and telephone security sweep of your Board Room (Room 1141) on July 31, 1979.

This survey was conducted with the understanding that activities within the area checked involve matters directly affecting national security, or are of a highly sensitive nature.

No evidence of eavesdropping devices or of tampering was detected at the time of this survey.

Sincerely yours,

William A. Bayse
Assistant Director FBI
Technical Services Division

AUG 8 1979

NOTE: This security survey was requested by letter dated July 23, 1979, and approval was granted to conduct requested survey. This survey was conducted by [redacted] and [redacted], and SA Jerry H. Breidenfeld, Engineering Section, Technical Services Division.

On 8/2/79, Fingerprint Specialist [redacted] received two microphones from the Technical Services Division. A latent print examination was conducted and one latent fingerprint was present on the putty from microphone #3, and also appears on a piece of gray tape.

Photographs of the latent fingerprint are being retained in the LFPS files.

The microphones were returned to the Technical Services Division.
